

SHEBA NEWS – November 16, 2016

From: PR Sheba – Ulrike Haen

Sheba Medical Center is proud to take part in leading Israel's international humanitarian aid missions

UN ranks IDF Emergency Medical Team as 'No. 1 in the World'

Israel becomes first country to earn World Health Organization's highest ranking for its field hospital unit

Prof. Yitshak Kreiss, Director General of the Sheba Medical Center, remarks: "Sheba Medical Center is a hospital without borders. Our medical teams go around the world wherever they are needed, and we receive the most complicated and traumatized patients after disastrous events".

Sheba's medical teams have a long history of participating in worldwide humanitarian missions as part of the IDF's Field Hospital, amongst them in places such as Haiti, Kosovo, the Philippines, Nepal and others.
