Peace through Medicine

Sheba Medical Center was founded in 1948 from the vision of Dr. Chaim Sheba, who dreamed of an Israel in which the finest medical care would be available to all who sought cure and comfort. Sheba is a center for medical excellence and treatment quality, advanced medical technologies, training and education, research and medical progress. It has grown to become the largest and most comprehensive medical center in the Middle East, designed to answer all the patients' needs. It is a peaceful oasis in a troubled region. We use our professional tools and humane qualities to cure people, regardless of religion or origin – Jews, Muslims or Christians alike. Our doors are open to everyone in need.
